# BENZING Live!

BENZING

Evaluation @ Loft

Step 1 — Introduction

Introduction:
Please read through this manual to avoid any misunderstandings and to gain the knowledge on how to evaluate the race without being in the club.

Evaluation @ Loft Key Card

BENZING
Innovation through Tradition, Since 1863.

Evaluation @ Loft

Auswerten im Schlag — Финиш в голубятня
Classement au pigeonnier — Oddanie wyników gołębnik
Evaluación en el palomar
Evaluatie bij uw thuis

Nr.: _ _ _ _ _ _ _ _ _

Online Basketing List
Will be automatically transferred to the server

Race Export Files.
The BENZING Live! is equipped with several export functions. They can be used after the evaluation of a race.

www.benzing-live.com

1. For Evaluation @ Loft the minimum required firmware version for the BENZING M1 is 04.00, for the BENZING Live! 2.0 and for the BENZING Clubsystem 4.0!
2. Before the basketing process starts, make sure, that the Clubsystem has been synchronized by a GPS or Radio Clock time source and that the GPS to UTC offset has been set in the time menu of the BENZING Clubsystem.
3. Be sure that the pigeons of the race(s) are arrived in your loft, when you start the evaluation. When the evaluation has been made, the pigeons, which arrive later, will not be ranked in the race!
4. The Evaluation @ Loft does only work, if the BENZING Live has a GPS Signal and a GSM connection! For this, you can check the current status of the BENZING Live! in the BENZING M1 Menu!
5. You can check the current status of the Live! within the "LIVE INFO" menu item.

⚠️ **NOTE:** An evaluation can be made only under some circumstances. If the Clubsystem time is set manually, it won´t be possible to do the evaluation at the loft due to the evaluation time comparison which compares the M1 Clock time with the GPS Time. Be sure, that the GPS offset to UTC is also adjusted in the BENZING Clubsystem, otherwise the Evaluation @ Loft is not possible! You have to save this offset only once!

LED blue: "Switched On"
LED green: "Communication"
LED red: "Initialize"
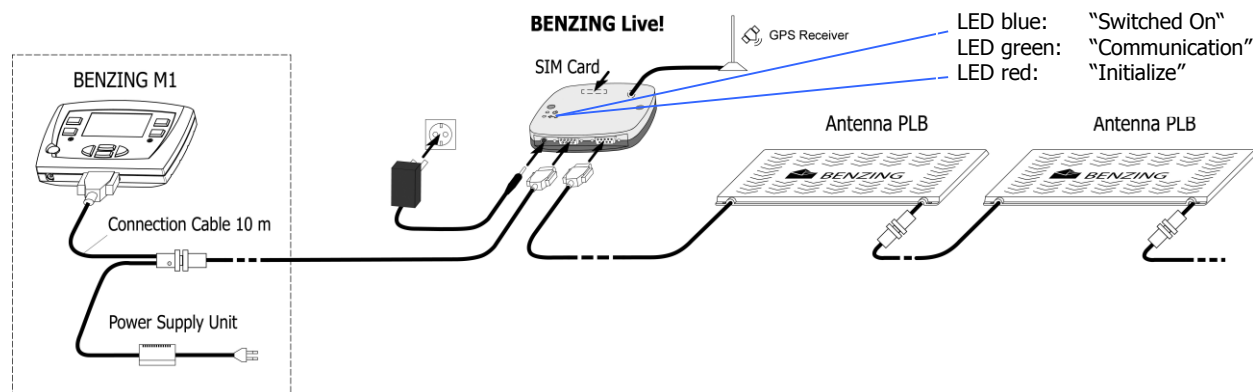

Step 2 — Manage your Race

While the BENZING M1 is running and everything is set up, the BENZING Live transfers the current race information to the BENZING-Live.com Webserver.
To configure your race you´ll need to open up the BENZING-live website and open the "My Races" panel.
If you´re using the **Seasonmap** with all its race information, the BENZING Live! will transmit the race info to the BENZING Live Website. So you just need to check that all values are correct. Otherwise the standard values will be used and shown on the website:

☰ My Races

FlightID	Name	Release Date / Time	Release Point	Distance	
1383224602	01.Race	1970-01-01 00:00:00			🔍

To change the details of the race, you can do that by clicking onto the 🔍 button.

Details

|		
Name	Race Name	Please fill in the name of your race/training
Release Date / Time	2013-10-31 10:00:00	Please fill in the release time of your race/training
Release Point	Statue of Liberty, New York	Please fill in the relase point of your race/training
Release Latitude*	44° 11' 22" N	Please fill in the release latitude of the release point
Release Longitude*	8° 21' 44" E	Please fill in the release longitude of the release point
Loft Latitude*	47° 4' 35.76" N	Loft latitude is automatically filled in, when they have been saved in the user profil!
Loft Longitude*	9° 54' 31.97" E	Loft longitude is automatically filled in, when they have been saved in the user profil!
Distance unit	Yards	Distance unit for the distance field below in this flight (meter, yards, miles)
Distance	375313.4	The distance will be calculated automatically, when the release coordinates have been filled in. The distance can be filled in, when the release coordinates are 0, 0!

Map
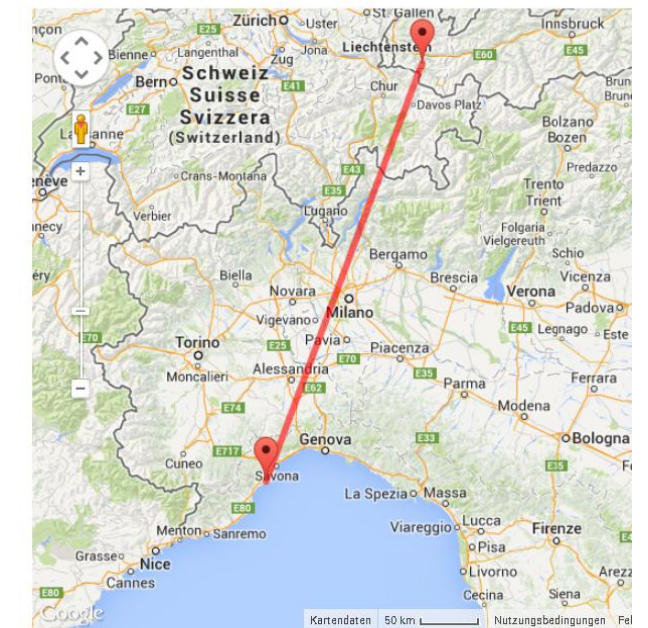

Afterwards it´ll show the arrivals of your pigeons with speed calculations and distances.

☰ Arrival order ⌄

BENZING Live!

BENZING

Evaluation @ Loft

Basketing List

The BENZING Live! transfers all lists (Basketing, Evaluation, Missing List), in the same way they are printed at the BENZING Clubsystem, to the BENZING Live! Website. They hold the same information as the familiar ones of the Clubsystem.

⬇ Basketing List — This icon will be shown at the race after the M1 is running.

⬇ Evaluation List — This icon will be shown after the evaluation at the loft is made.

⬇ Evaluation List — This icon will be shown after evaluation at the club, and only if the race is not cleared.

✖ — This icon will be shown after the evaluation, and only if there a few pigeons missing.

With the new firmwares for all devices it is still possible to evaluate your race in the club! When the evaluation is made in the club and the pigeons are not released, the BENZING M1 will also transmit the evaluation data onto the website and the evaluation list will be marked with a green "Evaluation List" symbol.

The BENZING M1 transfers the Basketing List right after the system is running. It can be found at the "My Races" pages or within the race itself:

| 1383574190 | 01.Race | 2013-11-04 10:40:00 | Statue of Liberty, New York | 365,515.03 yrd | 🔍 | ⬇ |

Now you can open the Basketing List by clicking onto the "Basketing List" button and you can print it out from any PC you want.

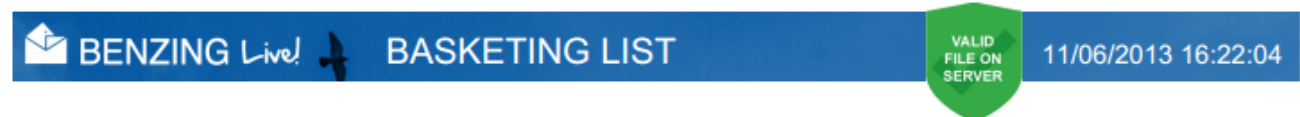

```
Evaluation @ Loft

After the successful race you can start the evaluation process easily by gathering the "Evaluation @ Loft"-key card. Make sure that all pigeons arrived and then start the evaluation @ loft process.

1
```
Fancier      18:10:30
AU 123  13   0001h
17:30:56.1
01.Race
📟1      L
LIST         MENU
```
2

After holding the "Evaluation @ Loft"-key card over the loft antenna, the BENZING M1 asks you to evaluate the race. By accepting it by pressing "YES" you´ll be able to choose the race you would like to evaluate.

3
```
EVALUATION 18:10:30

     Start
   evaluation?

NO           YES
```

4
```
EVALUATION 18:10:30
01.Race

              1/1
```

Select the race you´d like to evaluate and press "YES". The BENZING Live! will then transmit the required data to the BENZING Live webserver. There you will find the evaluation file and the Evaluation Export feature as well.
Just log-in at http://www.benzing-live.com

NOTE: The evaluation can be made only if the BENZING Live! has GPS signal and GSM connection!

5
```
EVALUATION 18:10:30
Clocks compared!
GPS 07.11.13 16:03
   + 000 sec.
   Strike?

NO        👉 YES
```

⬇ Evaluation List
This icon will be shown after the "Evaluation @ Loft" has been finished

⬇ Evaluation List
This icon will be shown after a usual evaluation at the club.
